FINE ANTIQUE LIGHTING & GLASS

A FINE REGENCY PERIOD CHANDELIER BY JOHN BLADES

John Blades

£ POA

REF: FA1303

Height: 106.64 cm (42")

Diameter: 63.48 cm (25")

Description

A regency period ormolu mounted cut-glass eight light chandelier of classic design, the main drop hung double band supporting flat cut drip pans and diamond cut candle nozzles, the main shaft formed as a urn made from graduated spangles, surmounted by a further double band issuing ormolu crooks with cascading drops to the lower ring, the chandelier basket terminating with a lapidary cut finial, the chandelier hung with flat back spangles and faceted icicle drops.
