FINE ANTIQUE LIGHTING & GLASS

A CUT & ENGRAVED SQUARE GEORGIAN DECANTER

£195

REF: FA1487

Height: 23.5 cm (9.3")

Diameter: 9 cm (3.5")

Description

The square body, softened at the shoulders, is adorned with four panels of notch cut moulding. The front panel features a finely engraved motif of a floral-filled basket, beneath which a central medallion bears an elegant monogram, delicately framed by cascading foliage. The faceted stopper, cut with precision, complements the geometric form of the decanter. Elegant yet unpretentious, this decanter captures the refinement of Georgian glass design.
