

A SUPERB SUITE OF VICTORIAN WINE VESSELS

£1,350

Description

A superb set comprising a Victorian period cut glass claret jug and two companion decanters, each exquisitely hand-cut with precision and brilliance. The globular bodies are richly decorated with diamond cutting. Each decanter rises to an elegant, tapering neck with notched cutting, culminating in faceted ball stoppers of remarkable clarity and symmetry. The jug, with its graceful handle and flared pouring lip, perfectly complements the pair, uniting refinement with functionality. This harmonious trio embodies the sophistication of the Victorian dining table, objects not merely of service but of ceremony, where craftsmanship, proportion, and radiance converge in timeless splendour.
