

A DIAMOND CUT EDWARDIAN BOWL LIGHT

£4,850

REF: FA1575

Height: 53 cm (20.9")

Diameter: 43 cm (16.9")

Description

A Edwardian ceiling light of Neoclassical design, featuring a finely cut glass bowl enclosed within an elegant gilt bronze frame. The glass dome is beautifully detailed with diamond and fluted cutting, creating a radiant texture that scatters light with refined brilliance.

The gilt bronze mount is enriched with clean, classical lines and delicate acanthus leaf motifs at the suspension point, culminating in a finely cast pineapple finial, a traditional symbol of welcome and luxury. The overall design reflects the early 20th-century taste for grandeur tempered by geometric precision.
